United Fund Drive Successful Here

"It looks good," said Stafford A. Lindsay, Andover chairman of the United Fund campaign in disclosing yesterday that local contributions were approximately \$30,000.

"I am confident it will go over that amount when the final returns are made," he added in recounting that a few more workers have yet to make their reports.

Another long gain for Punchard is shown here with Allan Wadman headed by two teammates circling his own left end for substantial yardage in the second period of the annual game with Johnson high of North Andover played here in the Thanks-giving day drizzle.

Punchard Defeats Johnson, 44 to 6

Punchard scored a runaway 44-6 victory over Johnson high of North Andover in the annual Thanksgiving day game played here Thursday.

About 1000 spectators braved the light rain and snow that fell

during the day to watch the Blue Devils wrap up the game in the first few minutes of play on a muddy field.

Johnson received on the opening kickoff, ran the ball back to their 35 where they could make no gain. A punt drove Punchard back to mid-field. On the first play from scrimmage Vickers advanced the ball to the 25, Dick Smith then took it to the 10, and Wadman went over on the next play.

Wadman closed his high school career by scoring four touchdowns during the game. Vickers and Al Thomson also chalked up touchdowns and Grudzinski and Dwyer added points after by rushing.

After Wadman's score in the first few minutes of play Punchard got the ball on its own 25, Smith and Wadman moved it to the Johnson 40 and Vickers on an end run went the rest of the distance.

Punchard ran up three more touchdowns in the second period.

Johnson on the first play attempted a pass but Wadman intercepted on his 20 and with good blocking raced down the field for another score. Midway through the period Wadman scored again on a reverse, Vickers to Al Schwarzenberg to Wadman who ran about 50 yards for the score. Thomson got the third t.d. of the period a few moments later, going all the way from his own 45.

Both teams used substitutes freely in the second half when Punchard added two more scores, one in the third period and another in the fourth when Coach Bob McIntyre sent in his first team for the final few minutes of play.

Johnson made its best advance in the third period, moving the ball to the Punchard 25 before losing it on a fumble.

Punchard won the Little Three title by polishing off its rival in this game, having previously beaten Methuen. The Blue Devils closed their season with 4 wins, 4 losses

and 1 tie.

Score by periods:

Punchard 12 19 7 6-44
North Andover . . 0 0 0 6-6

Touchdowns: Punchard — Wadman (4), Vickers, Thomson, North Andover — Harris. Point after touchdown: Punchard — Grudzinski, Dwyer (by rush). Officials: Saco, referee; Whitlaw, umpire; Ouellette, linesman; Anderson, field judge.

The school committee will meet tonight with the school building committee to further consider the matter.

All members were present. The minutes of the Nov. 18 meeting were read by Sec. William A. Doherty and approved.

Chairman C. Carleton Kimball read the communication from a group of parents of members of the Punchard high school football team declaring their faith in Robert B. McIntyre as being a good teacher and a good coach.

Three members of the school department appeared before the board to discuss requirements in a new high school. They were Bernard M. Kellmurray, guidance director; Fred L. Collins, head custodian, and Headmaster Lindsay J. March of Punchard.

Mr. Kellmurray in his discussion said that he was in favor of having a four-year high school and that a

great many of the teachers also were very much in favor of the four-year school. He also brought out that the junior high school faculty has been assembled, that many of the teachers are specialists in their line and it would be unfortunate to break up this faculty by requiring them to teach in other buildings.

[INSPIRED BY THE THUNDERBIRD]

The Ford Thunderbird, the personal car that's been causing such a sensation, served as styling inspiration for the 1955 Ford Cars. Take one look at Ford's longer, lower, roomier dimensions—huge wrap-around windshield—new color-keyed interiors . . . and you'll quickly see some of the reasons why Ford is finer for 1955. Take one Test Drive and you'll want to drive it home.

Try new power...today!

[TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES]

Select from 4 new series...today!

[16 NEW BODY STYLES]

For '55, there are three high-torque Ford Engines. There's the 162-h.p. Y-block V-8 with higher (7.6 to 1) compression ratio. Then there's the still mightier 182-h.p. Y-block Special V-8 which is teamed with new Speed-Trigger Fordomatic Drive and offered in Fairlane and Station Wagon models. And there's a new 120-h.p. I-block Six—the industry's most modern. All have traditional Ford economy.

Today you're bound to find your dream car among the 4 new Ford series for '55. What's more, to make your dream car come even "truer" Ford has new, smoother Angle-Poised Ride which makes all riding and handling easier. Then, too, your Ford can be as automatic as you want it with all the fine-car power options.

Bride Of The MacHug, Speas.
A love story set in early 17th century Scotland.

The Man Who Never Changed, Selby.

At 22, Denis Sandzen decided to become the conductor of the New York Symphony by the time he had reached the age of 35. Ruthlessness, selfishness, cruelty to any who loved him went hand in hand with his progress toward the goal.

The Love Of Four Colonels, Ustinov.

A success in London, this play received the Critics circle award as the season's best foreign play when presented in New York. The Sleeping Beauty tale, with humor.

London After Dark, Fabian.

"Fabian Of The Yard" was a collection of the most famous cases of ex-detective, Supt. Robert Fabian of Scotland Yard; it left out those years when he was head of the vice squad. This book covers that side of London life, and should be of interest to teachers, social workers and parents for the warning it gives of social perils.

A Handful Of Silver, Canning.

David Fraser, a young schoolmaster about to have an Easter vacation, is offered an assignment in Africa. Typical Victor Canning intrigue!

Variable Winds At Jalna, De la Roche.

A few more adventures of the well-known family, these set in the early summer of 1951, following closely the book "Renny's Daughter."

Death And The Sky Above, Garve.

Charles Hilary and his wife Louise were finding their marriage full of disagreement and discontent. When Charles, in love with another woman, asked his wife for a divorce, she refused. Later she was found murdered. Andrew Garve writes a better than average mystery story every time!

Listening With The Third Ear, Reik.

Dr. Reik discusses a number of cases met in his 37 years as a psychoanalyst, and shows ways in which results were reached.

Commendable Enterprise

The Andover Taxpayers' association is to be commended for the initiative it has taken to bring several matters of great local interest to the attention of the citizens of the town before the next town meeting.

The association has called attention to the fact that the town faces the possible need for capital expenditures amounting to more than \$6 million in the next few years for new schools, a new town house, expansion and improvement in its drainage, sewerage and water systems, an enlarged water supply and a new fire house in West Andover.

Voters of the town will be asked to pass judgment on these proposals and before doing so will find an opportunity through the lectures of the association to become better informed about each in order to be more able to resolve these matters for themselves.

The first in the association's series of lectures was held last week in the West school on the subject of zoning the town for industry, a matter of vital importance to Andover in the next few years.

The good attendance at this meeting shows the interest our town officials, many civic leaders and numerous citizens have in this particular matter.

The next meeting will be to discuss the town's school housing problem caused by the present and expected increase in the town's school population.

Other subjects to be discussed at later sessions are equally important to the rapid growth of the town. Adequate drainage, sewerage, water supply and fire protection are "musts," and the Andover Taxpayers' association deserves credit for taking up these matters for public discussion so that each may receive due consideration and be placed in its proper perspective to the future development of the town.

The Party Line Changes

According to a top authority, J. Edgar Hoover of the FBI, the American communist party has changed its line. It has, outwardly at least, abandoned the call "for militant action and the defense of violence as a justifiable means to power." Instead, Mr. Hoover said, it is now trying to picture itself as advocating "a peaceful path to socialism."

An important footnote can be added to Mr. Hoover's warning. Government in business is socialism — and for 20 years our government went deeper and deeper into business. The more government in business we have, the closer we are to complete socialism. And socialism, as the hard core of American communist leaders knows well, is simply the prelude to a communist state, patterned on the Russian model of tyranny, terror, and enslavement.

The lazy man takes out in wishful thinking what the ambitious man goes out and gets.

State Clearing Wooded Roads

The state department of natural resources has a crew of men working in this area opening up wooded roads on private property that were closed by the hurricanes.

It is explained that the reason for having this work done is so that all of these roads will be opened up by next spring in case of a forest fire.

Residents who have wooded roads on private property that are still closed by fallen trees may have them cleared by notifying the state department workers through the local fire chief or John J. Campbell, forest ranger.

FILM SERVICE

Organizations who wish to take advantage of the free film loaning service offered by the Memorial Hall library are reminded that early booking is very important. The projector and trained projectionist made it possible for small groups to make use of films for entertainment or for discussion subjects. From Dec. 6 to 11, Jascha Heifetz, a 36-minute film of fine music may be reserved; from Dec. 6 to 23, two other films, both in color, are available. These are "Introduction To Gaspe", which tours the Brittany of America, and "Adventures In Research", a film version of the popular lecture-demonstration on electronics by Dr. Phillips Thomas. Both these are twenty minute films.

Down the Years with The Townsman

50 Years Ago — December 1904

The hunting season closed Wednesday and many local sportsmen took their last opportunity to take a shot that day.

Last Wednesday evening a very interesting talk was given to members of the Andover Girls' club on "Life on a Man-of-War."

James Fairweather read an interesting paper on the brown-tail moth at a meeting of the Burns club last Saturday evening.

Foster Matthews and Shirley Shattuck caught a fine string of pickerel in Pamp's pond Wednesday.

Last week the trustees of the Ballardvale mills presented their employees with 1000 pounds of fine turkey.

The N.E. Tel. & Tel. Co. has a gang of men placing wires underground in the square.

St. Joseph's church fair recently held in Ballardvale was a grand success. The gross receipts were \$1711.

Selectman Frank B. Smith and William Gledhill shot a pure white partridge last Wednesday. This type of bird is considered a rarity by local sportsmen. This particular bird had been seen by Mr. Gledhill a number of times before but it always managed to escape him.

Colver J. Stone was appointed trial justice Wednesday by Gov. John L. Bates. He succeeds Judge George H. Poor who recently resigned.

25 Years Ago — December 1929

The Union Thanksgiving service held Thursday in the South church was conducted by the Rev. Alfred C. Church of the Free church.

The Andover Fire department held its 58th annual ball in the town house Thanksgiving eve.

James Wade, 70, of Lawrence was fatally injured when struck by a street car Monday night in Shawshin Village. His left leg was severed and his right leg was half torn off.

Brechin Hall, built as a library for the Andover Theological Seminary and used more recently to house the executive offices of Phillips academy is now completely razed.

Punchard won 7 - 0 over its ancient rival, Methuen, at the Gill avenue grounds in Methuen Saturday on a field covered with ice and snow. A 17-yard run by Quarterback Walker was responsible for the touchdown in the second period.

Punchard closed its season Thanksgiving day by losing 33 - 0 to undefeated Stoneham on the latter's grounds.

Among the students at Abbot academy this year are 17 who are daughters of Abbot alumnae, two who had great-grandmothers at Abbot, 10 had grandmothers and 17 had sisters.

The recent cold weather has frozen the ice on several ponds but none are safe for skating.

10 Years Ago — December 1944

The names of four more boys have been added to Andover's casualty list. They are: Pvt. Kenneth H. Hart, 28 Wolcott ave., re-

ported missing in action since Nov. 3; Pfc. Francis W. O'Connor, 9 Barnard st., reported to have been seriously wounded in France; Pvt. Mitchell P. Puchlopek, 60 Haverhill st., earlier reported missing but now a prisoner in Germany; and Sgt. William J. Kelly of Holt rd., whose plane made a forced landing in Switzerland Nov. 20 and who is now interned in a neutral country.

The Free church last night voted for the second time to refuse the resignation of the Rev. Herman C. Johnson, pastor, now with the armed forces. He tendered his resignation the first time when he entered the service.

Among recent deaths was that of Mrs. Martha (Stewart) Smart, 96, widow of Joseph Smart, who was a native and life-long resident of the town.

Chief Dane has issued the annual warning that all motorists must keep their cars from the streets nights so that they will not interfere with plowing.

Many Attend Zoning Lecture

The first of a series of lectures on Andover's civic problems was held in the West elementary school last week under the auspices of the Andover Taxpayers' association.

A large number of spectators were present to hear Robert Preston, commissioner of the state department of commerce, discuss "The Pros and Cons of Zoning for Industry." A question and answer period followed the address.

In the gathering of about 200 were town and civic leaders and many other citizens interested in this subject which is vital for the future development of the town.

The meeting was opened by George Grant, president of the association, who listed a number of capital expenditures envisioned by the association following a six months' study.

These were the water supply at Daggett's pond, which it was claimed was "inadequate"; improvement in the piping and water lines; new town hall; new high school; and adequate fire protection.

The guest speaker was introduced by Vincent Treanor, chairman of the sub-committee in charge of the lectures who stated that the lectures were arranged to better prepare the voter at town meeting.

In his talk Commissioner Preston described the function of the state department of commerce as working not like the Marxian theory of community government, in that the state department was "created to attract industries to Massachusetts," and to develop and promote agriculture and industry and education. He stated, "Our department has no regulatory or police function and that its purpose was to stimulate thinking along economic lines, and to stimulate production and employment opportunities in Massachusetts.

Commissioner Preston said that there was "an amazing lack of community thinking and projection ahead," in communities throughout the state.

Market area, expansion and communication were cited by the speaker as factors which industries seek in a community.

He said "you must realize you're a part of Massachusetts and therefore go forward with Massachusetts."

who gather each year to watch him and his coterie as they pass along in this unique parade.

Starting at the school the marchers will move to Bartlet, to Punchard avenue to Main street, thence to Elm square, up Elm street to Summer to Whittier and back to the school.

On his way through the streets Santa will open his bag of gifts which he will distribute to the crowds on the sidewalk as he moves along.

He will have plenty of wrapped candy and he will also have some very attractive gift packages to toss out to spectators along the line of march.

These gift packages, about 100 in number, will contain gift certificates which have been donated by local merchants and which will be redeemable in local stores.

Santa is also expected to bring a number of very attractive floats with him which will appear in the parade.

By this time almost all of the stores on Main street will be decked out with their Christmas decorations and their display of varied lines of holiday wares that will help bring happiness to donors and recipients on Christmas day.

CHRISTMAS BOOKS

A book for Christmas is still one of the most exciting gifts a child opens, and the selection becomes more difficult each year with the thousands of books written for boys and girls. For those who need help, a suggestion list has been made of new and old books, with publisher and price included, and may be picked up at the library. There are several divisions by subject, such as Christmas stories, books for the littlest, books for "middle-age" children, fairy tales, science and things to do, books for older boys and girls, some for the whole family, and three inexpensive series.

CANCER CLINIC

The Cancer Detection and Prevention Center, an affiliate of the Boston Evening Clinic at 399 Commonwealth ave., Boston is a part-pay public service dedicated to detect early cancer and pre-cancerous conditions.

The Center is now accepting appointments by telephone for the next three-month period, beginning Jan. 6, 1955 to April 7, 1955.

These special diagnostic examinations which include laboratory, X-ray and pathological papanicolaou examination, etc., are made on Thursday evenings, by appointment only, after working hours starting at 6 p.m. Tel. CO 7-7171.

Name Committees For Club Play

The staff is made up as follows: Play executive, Louis E. Gleason; treasurer, Robert Walsh; house manager, John H. Hewitt; electrician, Joseph T. Remmes; stage manager, James Dolan; assistants, Harold J. Eastwood and Michael W. Belka; book holder, Mrs. Charles E. Fowler; program and publicity, Vincent Treanor; furniture, Raymond J. Lavin, assistants, Mrs. Paul Gibbons and Mrs. Harry V. Byrne; properties, John Grecoe; ticket sale, William P. Busby, chairman, Frank Nelligan, William L. McDonald, Dr. John J. McArdle, Dr. Joseph P. McEneaney, Paul Gibbons, Charles Richards, George R. Dumont, Francis Kelly, Percy Hogan, Stephen A. Boland and Harry Brillo.

Group Promotes Safe Driving Day

The President's Action Committee for Traffic Safety in cooperation with various national organizations is sponsoring a "Safe Driving day," or "S-D day," for Wednesday, Dec. 15.

It is hoped that strict observance of traffic rules by all drivers and pedestrians on that day will cut the traffic toll for that particular day and will impress people with the need for observance of traffic rules for the entire year.

In the words of President Eisenhower, when any activity claims more than 38,000 American lives a year it becomes a national problem of major proportions.

During courtship a woman always wants to think of him—afterward she wants to think for him.

The trouble with the average self-made man is in the selection of his pattern.

Can You Tell Counterfeit Money?

The Andover Savings bank has announced that it will offer the public an unusual opportunity next week to try its hand at distinguishing between counterfeit and genuine money.

According to Louis S. Finger, treasurer of the institution, a "Know Your Money" display will be on exhibit in the bank's lobby as a public service for a period of two weeks starting Monday, Dec. 6.

The display will feature an

Woman Scorned...

assortment of bills ranging in denominations from \$1 to \$50, some genuine, some counterfeit. Below each bill is a number. This same number appears on one of 14 switch keys along the front of the display. To test one's skill a person simply selects what he believes to be a counterfeit or genuine bill then pushes the corresponding switch key. This in turn will flash a signal light on the back panel which correctly identifies the bill — red if counterfeit, green if genuine.

Mr. Finger stated that he hopes that people will avail themselves of this opportunity to become better informed as to the defects in counterfeit money and thus perhaps lessen their chance of being victimized in the future. He also announced that pamphlets containing detailed information on counterfeit currency printed by the Secret Service Division of the United States Treasury will be passed out to those requesting them.

Two Youths Held in Extortion Plot

Two local youths, one a juvenile, were nabbed by police last week on charges of extortion after a local man had received a letter demanding \$25 and a 17-year-old girl had received another threatening her with disfigurement unless she met the sender the night of Nov. 23 in Lawrence.

In Lawrence District court Nov. 24 William Bruce Engel, 20, of 2 Chapman ave. pleaded not guilty to a charge of maliciously threatening injury to Marjorie Davis, and maliciously threatening to accuse Robert Daggett of a crime, both through written or printed communications.

Due to a juvenile being involved in the case the matter was continued until a session of juvenile court today. Bail was set at \$4000. Atty. Richard K. Gordon appeared for them.

Andover and Lawrence police collaborated on the case after the girl received a letter Nov. 22 telling her to meet the sender at Broadway and Water streets, Lawrence at 9 p.m. The letter was turned over to Chief Nicoll. The message asked if she had ever had the sensation of a razor blade being drawn across her face.

The following morning it was learned that a local man had received a letter instructing him on pain of scandal to place \$25 Tuesday night in a book on a table in the balcony of the Memorial Hall library. This letter was turned over to chief Nicoll. It was apparent that both letters were from the same source.

With two places to watch Andover and Lawrence police set their traps. The girl was instructed to keep the appointment in Lawrence Tuesday night with Officers Richard Caldwell and Roy A. Russell of the Andover police and several Lawrence officers covering the vicinity.

Police said that while a number of youthful motorists tried to pick up the girl as she waited, none met the description of the writer. The vigil was discontinued after waiting some time.

Meanwhile, the man was instructed to leave the money in the library.

Police said that while a number of youthful motorists tried to pick up the girl as she waited, none met the description of the writer. The vigil was discontinued after waiting some time.

Meanwhile, the man was instructed to leave the money in the library

as directed. Tuesday night Officer Robert Deyermund and Reserve Officers Duncan Cairnie Jr., and Jacob Jacobson secreted themselves in the library. A suspect entered about 8 p.m., but did not go near the book. A vigil was kept during the night.

Wednesday morning police returned to the library and the money was replaced in the book with Officer Deyermund in hiding. Two youths appeared, went to the balcony and, police say, the juvenile took the bills and placed them in his shoe. It was then the waiting officer nabbed them.

Because the U. S. mails were involved postal inspectors also joined police in the investigation.

Handel's "Messiah" To Be Presented

Handel's oratorio "The Messiah" will be presented at the Martha Cochran Memorial chapel, Phillips academy, by the combined choral groups of the Andover Male choir and the Andover Choral society at 8:15 p.m., Sunday, Dec. 12.

For this presentation Alice Farnsworth Bofetti, soprano, and Edgar Randall, tenor, have been engaged. The former is well known to music lovers of Greater Lawrence having appeared in these communities several times in past years, and Mr. Randall is a superb artist much in demand for concert and oratorio work.

A silver collection will be taken between Part 1 and Part 2.

this bill is a provision that insures a minimum of \$50 distribution per child between 7 and 16 in every community in the state, thereby benefiting communities which under the Equalization Formula would not receive an increase of as much as \$50 per child.

As an answer to the perennial question, "Where is the money coming from?" the state-wide committee has filed companion legislation which designates sources of revenue to be used for this increased school aid. This revenue bill calls for (1) eliminating the deduction of the taxpayer's federal tax payment from his state tax return and (2) increasing the state income sur-tax by 6 per cent. The committee feels that this bill gives an equitable answer to the difficult question of how to finance additional state aid.

Ice Skating Show At P.A. Sunday

Tenley Albright, national and former world figure skating champion, will headline a cast of more than 30 skaters from the Skating club of Boston in "Blue Chips of '54" at Phillips academy, Sunday, Dec. 5 at 2:30 p.m.

This marks the fourth year of this annual ice show staged on the Summer Smith outdoor artificial ice rink. And for Miss Albright it will be her first public appearance of the season, during which she will seek to regain her world crown. In last year's world competition she was far ahead in points until a disastrous fall pushed her into second place.

Other ranking skaters on the program will include: Bradley Lord, Eastern Junior Men's champion; Sylvia Tilly, New England Novice Ladies' champion; Hugh C. Graham, member of the U.S. world team; and Sidney Foster and Franklin Nelson, National Silver Dance champions. Also expected to skate if arrangements permit is Dick Button, former world and U.S. champion and generally considered the finest male figure skater of all time. Button and Miss Albright both appeared on the 1953 Blue Chips show which attracted some 2,000 skating fans.

Should weather force postponement, the event will be held Sunday, Dec. 12, at the same time.

Propose Changes In Zoning By-Laws

Proposed changes in the zoning by-law and the present zoning map will be presented for public discussion and criticism at an informal public hearing Monday, Dec. 6.

This meeting, to be held in the Central elementary auditorium at 8 p.m. will be sponsored by the special committee on zoning appointed by the moderator, Roland Sherman, at the last town meeting, and by the Andover Planning Board. Fredric O'Brien will act as chairman, and Prof. Roland Greeley, of M.I.T. and Adams, Howard and Greeley, planning consultants, will be present. Prof. Greeley was engaged by the special committee on zoning to act as professional advisor in its work. The public is urged to attend.

Changes in the zoning by-law require a two-thirds majority vote of town meeting.

A number of colored slides of various sections of the town will be shown to illustrate the proposed changes.

Transfer Funds For Repair Work

The selectmen voted Monday to transfer \$15,000 from the reserve fund to pay for the damage done to the River road culvert at Deer Jump hill in the freshet last May.

The water undermined the culvert and part of the road, which was closed to traffic for about a month.

To assist in this emergency work the state aided in the award of the contract to L. C. Cyr and later will reimburse the town by making this part of the Chapter 90 work next year. One quarter of the cost, likewise, will be borne by the county.
